CITY HALL **CALGARY, ALBERTA**

PLEASE! Do Not Lend Your CITY DIRECTORY

—●—

IT COSTS YOU MONEY
Every Time It is Loaned

—●—

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the **Directory** of Your City.

This cost must be absorbed by the subscribers—be they one—or be they 1000.

If there were but **One Subscriber** to the **City Directory — the One Subscriber** would of necessity have to absorb **The Whole Cost.**

If there were 100 Subscribers—each one would have to absorb **1/100th part of The Whole Cost.**

If there were 1000 Subscribers—each one would **have to absorb 1/1000 Part of the Whole Cost.**

From which it is obvious that the **Greater** the number of subscribers —the **Lesser** the cost to each.

It is also obvious that the **Lesser** the number of subscribers—the **Greater** the cost to each.

Every time you loan your City Directory the **Less Necessity there is for the Borrower to subscribe for the Service.**

More Borrowers result in **Fewer Subscribers,** which means **Increased Cost.**
